Admission Process

The admissions process begins with an initial meeting with the Agent. Applicants receive program information, review tuition and enrollment requirements, and have the opportunity to ask questions. Applicants are then required to submit the necessary documentation, complete the required enrollment forms, and sign all applicable school policies and disclosures.

Admission Requirements

Students must be at least 16 years of age. Students must provide documentation of one of the following:

- High school diploma or equivalent (documented via diploma, official transcript, or authorized school statement)

- Ability-to-benefit applicants (students without a high school diploma or GED) must pass an entrance exam administered by a third-party Unity tester.
- Successful completion of an officially recognized homeschooling or online high school program, validated by a High School Equivalency diploma, GED, or TASC issued by an authorized State Education Agency
- For foreign high school graduates: a sworn statement indicating graduation, with diploma translated in English if possible. If translation is not available, the signed sworn statement may suffice. Students may be required to take a test approved by the NYSED Commissioner to validate their foreign diploma and ensure their ability to benefit from instruction.

ATTENDANCE POLICIES

Nord Coast maintains strict attendance standards to ensure students receive the full instructional hours required for successful completion of programs.

Attendance Requirements

- Students are expected to attend at 70% of all scheduled classes, including theory, lab, and skills practice sessions.
- Attendance is recorded daily.
- Excessive absences may result in dismissal from the program.

Tardiness Policy

- Students who arrive more than 15 minutes late will be marked as tardy.
- Three tardies equal one absence.
- Students who are late must report to the instructor before entering class.

Leaves of Absence

- A leave of absence (LOA) may be granted for documented medical, family, or emergency reasons.

Interruption of Training

- Students who fail to meet attendance requirements may be placed on attendance probation.
- Failure to improve attendance during the probation period may result in termination from the program.

Nord Coast is committed to helping students succeed and encourages students to communicate promptly regarding any attendance issues.

STANDARDS OF ACADEMIC PROGRESS (SAP)

Purpose

SAP is a measure of how well a student is progressing in the program. This measure forecasts if a student is likely to graduate, and if they are not, helping them to complete the program through counseling and remediation.

- **Satisfactory:** means meeting the minimum requirements
- **Academic:** means grades and attendance
- **Progress:** means certain check points in the student's program

Students who are not progressing should not be billed for future tuition payments if they are unlikely to complete the program. Students have a right to know how they are doing academically and/or whether the job field is a good fit for them.

Evaluation Schedule

SAP reviews are done at the midpoint and endpoint of each mini program. The enrollment agreement specifies when the midpoint and endpoint are. Use the number of weeks in the program to determine when to review for SAP.

Grading System

Grade	Percentage
A	90–100%
B	80–89%
C	70–79%
F	Below 70%

Attendance Requirements

Students must maintain a minimum attendance of 70% to remain in good academic standing and meet SAP requirements.

Excessive absences may result in academic probation or termination.

Academic Progress Requirements

To maintain satisfactory academic progress, students must:

1. Maintain a minimum academic average of 70%
2. Maintain at least 70% attendance
3. Complete all coursework, tests, and practical skills requirements
4. Meet competency expectations at each evaluation checkpoint

Failure to Meet SAP

Students who do not meet the minimum cumulative grade point average or the minimum attendance rate at the midpoint evaluation shall be provided a written notice of warning.

Students who have been provided a written notice of warning at the midpoint evaluation and who do not meet the minimum cumulative grade point average or the minimum attendance rate at the conclusion of each mini program as defined in the student enrollment agreement shall be placed on probation or withdrawn from the program.

The maximum period of probation shall be the conclusion of the next consecutive mini program after the student has been placed on probation, as defined in the student enrollment agreement.

Schools shall offer academic counseling and remediation for all students placed on probation.

Students who have been placed on probation and who do not meet the minimum cumulative grade point average or the minimum attendance rate at the conclusion of the probation period shall be withdrawn from the program.

Prior to withdrawal, and at the school's discretion, students may be afforded no more than thirty days to make up assignments or instructional hours to achieve satisfactory academic standing as required by this section.

No student shall graduate from a program with less than a 70 percent cumulative grade point average, or its equivalent in the letter-grade scale approved in the school's catalog or earning less than 70% of the program's total instructional hours, unless otherwise mandated by curriculum requirements.

Incomplete Grades

A grade of "I" (Incomplete) may be granted for documented reasons such as illness or emergencies.

- Students must complete all outstanding work within 14 calendar days.
- Failure to do so will result in the incomplete converting to an F.

Make-Up Work

- There is no fee for make-up work sessions.
- Make-up work is allowed only for excused absences.
- Make-up work may not exceed 10% of the total program hours.
- All make-up work must be supervised and recorded.
- Students will be scheduled to make up hours during the next available class session whenever possible. If this is not feasible, an individual make-up session may be arranged by the instructor.

Appeal Process

Students may appeal SAP-related actions within 5 business days of notification. Appeals may be based on:

- Medical emergencies
- Family emergencies
- Other extenuating circumstances

The School Director will review and issue a decision within 10 business days. The decision is final.

DISCLOSURE PAMPHLET

Information for Students Student Rights

Schools are required to give this disclosure pamphlet to individuals interested in enrolling in their school.

What is the purpose of this pamphlet?

All prospective and enrolled students in a non-degree granting proprietary school are required to receive this pamphlet. This pamphlet provides an overview of students' rights with regard to filing a complaint against a school and accessing the tuition reimbursement fund if they are a victim of certain violations by the school.

Licensed private career schools which are licensed by the New York State Education Department are required to meet very specific standards under the Education Law and

Commissioner's Regulations. These standards are designed to help insure the educational appropriateness of the programs which schools offer. It is important for you to realize that the New York State Education Department's Bureau of Proprietary School Supervision closely monitors and regulates all non-degree granting proprietary schools. The schools are required to have their teachers meet standards in order to be licensed by the Department. Schools are also required to have their curriculum approved by the New York State Education Department, at minimum, every four years, thereby helping to insure that all curriculum offered in the schools are educationally sound.

In addition, staff members of the Bureau of Proprietary School Supervision are often in the school buildings monitoring the educational programs being offered. The interest of the New York State Education Department is to ensure that the educational program being offered meets your needs and that your financial investment is protected.

The New York State Education Department's Bureau of Proprietary School Supervision wishes you success in your continued efforts to obtain the necessary skill training in order to secure meaningful employment. In addition, Bureau staff will continue to work with all the schools to help insure that a quality educational program is provided to you.

Who can file a complaint?

If you are or were a student or an employee of a Licensed Private Career School in the State of New York and you believe that the school or anyone representing the school has acted unlawfully, you have the right to file a complaint with the New York State Education Department.

What can a student or employee complain about?

You may make complaints about the conduct of the school, advertising, standards and methods of instruction, equipment, facilities, qualifications of teaching and management personnel, enrollment agreement, methods of collecting tuition and other charges, school license or registration, school and student records, and private school agents.

How can a complaint be filed by a student or employee?

You should try to resolve your complaint directly with the school unless you believe that the school would penalize you for your complaint. Use the school's internal grievance procedure or discuss your problems with teachers, department heads, or the school director. We suggest that you do so in writing and that you keep copies of all correspondence to the school. However, the school cannot require you to do this before you file a complaint with the New York State Education Department. If you do file a complaint with the Department, please advise the Bureau of any action that you have taken to attempt to resolve your complaint.

The steps you must take to file a complaint with the New York State Education Department are:

1. Write to the New York State Education Department at 116 West 32nd Street, 5th Floor, New York, New York 10001, or telephone the Department at (212) 643-4760, requesting an interview for the purpose of filing a written complaint. Bring all relevant documents with you to the interview, including an enrollment agreement, financial aid application, transcripts, etc. An investigator from the Department will meet with you and go through your complaint in detail.
2. If you cannot come for an interview, send a letter or call the office to request a complaint form. You must complete and sign this form and mail it to the office. Please include with it copies of all relevant documents. You should keep the originals. You must file a complaint within two years after the alleged illegal conduct took place. The Bureau cannot investigate any complaint made more than two years after the date of the occurrence.
3. The investigator will attempt to resolve the complaint as quickly as possible and may contact you in the future with follow-up questions. You should provide all information requested as quickly as possible; delay may affect the investigation of your complaint. When appropriate, the investigator will try to negotiate with the school informally. If the Department determines that violations of law have been committed and the school fails to take satisfactory and appropriate action then the Department may proceed with formal disciplinary charges.

What is the Tuition Reimbursement Fund?

The Tuition Reimbursement Fund is designed to protect the financial interest of students attending non-degree proprietary schools. If a school closes while you are in attendance, prior to the completion of your educational program, then you may be eligible for a refund of all tuition expenses which you have paid. If you drop out of school prior to completion and you file a complaint against the school with the State Education Department, you may be eligible to receive a tuition refund if the State Education Department is able to provide factual support that your complaint is valid and to determine that there was a violation of Education Law or the Commissioner's Regulations as specified in Section 126.17 of the Commissioner's Regulations. To file a claim to the Tuition Reimbursement Fund, you must first file a complaint with the State Education Department at the address included in this pamphlet. The staff of the State Education Department will assist you in the preparation of a tuition reimbursement form (a sample of this form should have been provided to you upon enrollment).

What is the tuition refund and cancellation policy?

All schools must have a tuition refund and cancellation policy for each program included in the catalog and in the student enrollment agreement. Read and understand the school's policy regarding tuition refund and cancellation before you sign the enrollment agreement. If you do not understand it, or are confused by the school's explanation, get help before you sign. You may ask for assistance from the Department at the address included in this pamphlet.

What should students know about "private school agents?"

Private School Agents are employed by schools for the purpose of recruiting or enrolling students in the school; they are not school counselors. Private school agents cannot require a student to pay a placement or referral fee. Each school agent must be licensed by the New York State Education Department, must have an Agent identification card and must be a salaried employee of the school. School agents who cannot show an Agent Identification Card are breaking the law if they try to interest students in enrolling in a particular school or group of schools. The name(s) of the agent(s) who enrolled a student must appear on that student's enrollment agreement. Therefore, you should write down the name of the agent who talked to you. Each student will be required to confirm the name(s) of the agent(s) when signing the enrollment agreement. A full refund shall be made to any student recruited by an unlicensed private school agent or even by a licensed agent if there is evidence that the agent made fraudulent or improper claims. To find out if you are eligible to receive a refund, you must follow the complaint procedures included in this page.

What should students know about "grants and guaranteed student loans"?

A grant is awarded to a student based on income eligibility, and it does not need to be repaid (for example, New York State Tuition Assistance Program (TAP) grants or Pell grants provided by the federal government). Guaranteed student loans are low interest loans provided under the Federal Guaranteed Student Loan Program. The decision to apply for such a loan is yours-- the school cannot require that you apply for a loan. You should understand that if you pay school tuition with money loaned to you from a lender you are responsible for repaying the loan in full, with interest, in accordance with the terms of the loan agreement. A failure to repay the loan can hurt your credit rating and result in legal action against you. Even if you fail to complete your educational program, you are still responsible for repaying all of the money loaned to you. It is your right to select a lender for a guaranteed student loan. The school cannot require you to apply to a particular lender or lending institution. However, the school can recommend a lender, but if it does, the school must also provide you with a statement about your right and ability to obtain a loan from another lender and the interest charged on these loans.

Read and understand all the information and applications for financial aid grants and loans before signing
